Bankstown Airport CACG
AMG presentation

15 June 2026

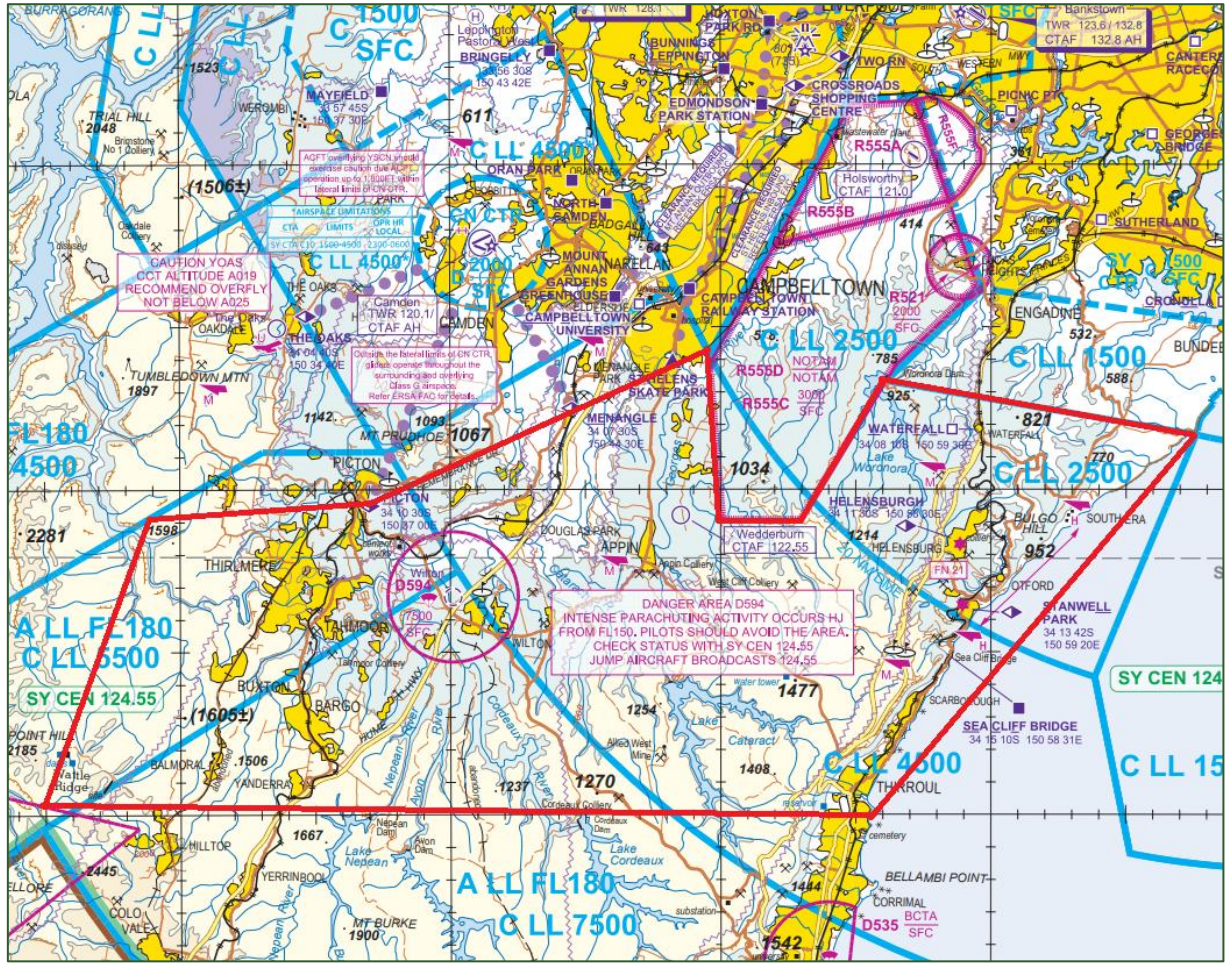
Sustainability and community

AMG and community

- Sponsorship of Service Officer of the Year Awards, run by Padstow Rotary Club – including the award to NSW Police Aviation Command (PolAir)
- Sponsorship of Anzac Day memorial services, run by Camden RSL
- Celebration of World Environment Day
  Celebration of Men's Health Week
- New operators at Bankstown Airport:
  - 7-Eleven
  - Guzman y Gomez
  - Padel Point
  - QuestJet
  - Strive Early Learning Centre.

Advocacy and sustainability

- Progress of application (with UNSW Aviation) for new Danger Area/Flight Training Area, to support flight training schools
- Ongoing advocacy for CASA's proposed Southeast VFR Flight Corridor, to support flight training
- Successful collaboration with airport operators to oppose "slot management" system
- Facilitation of Airservices Australia briefings on WSI impacts
- "Lunch and learn" session for National Reconciliation Week.



Developments and leasing

South Tower Road development

- Works commenced in May 2026 on new aviation and industrial development on Tower Road
- New premium aviation hangar pre-leased by NSW National Parks & Wildlife Service
- Industrial buildings available for leasing
- Delivering economic growth and jobs for South-West Sydney
- Sustainability features include solar power, rainwater retention and advanced energy and water monitoring
- Scheduled completion in ~ March 2027.

Works start on new mixed-use centre

- Construction works to start in ~ July 2026 on new mixed-use centre in Georges Hall
- Security fencing in place
- Childcare centre, retail shops and offices facing Birdwood road
- Small- to medium-scale warehouses facing Link Road
- Project completion in ~ mid 2027.

Infrastructure works

Airside infrastructure upgrades

- Upgrades to Centre and Southern runways completed in April
- Application of rejuvenation emulsion treatment to reduce loose aggregate and improve asphalt condition
- Upgrades to airside gates – reissuing of access keys and review of key holders.

Airport plans

Bankstown Airport Master Plan and MDP

- Finalising initial draft Bankstown Airport Master Plan and Major Development Plan
- Highlights include:
  - Ongoing focus on emergency and aeromedical services
  - Aviation Hangar Project and proposed commercial development in the airport's north
  - Advocacy for improved public transport – including extension of Sydney Metro from Bankstown to Liverpool, via the airport
- Documents open for public exhibition and feedback in ~ September 2026.

Industry news

Ongoing investment in Bankstown Airport

- AMG has no plans to convert any part of the airport to housing
- Focus remains the long-term operation and growth of the airport – as an essential economic, employment and aviation hub
- We will continue to:
  - Upgrade and develop airport facilities and infrastructure
  - Build on investments in general aviation – including more than $25 million in taxiway and runway upgrades
  - Invest in new and upgraded aviation facilities, including Aviation Hangar Project and multiple new hangars.
